- Designed a Giveaway campaign and embedded it on the website using HTML and WordPress.
- Researched and Tested Tracking User Referrals in a Referral Program embedding JavaScript.
- Updated website content and design with Content Management System (WordPress).

## PROJECTS

**SCHOOL MANAGEMENT APPLICATION** (ASP.NET MVC, C#, SQL) – Collaborated on a web-based CRUD application for managing students, course registrations, and departments using the Code First Approach.

**GITHUB FINDER** (React.JS, JavaScript, CSS) – Implemented a GitHub Profile finder that is responsive and obtains profile information for a given username by obtaining data from GitHub's API.

**JOSIFY SHOP** (React.JS, JavaScript, CSS) – Collaborated on creating a responsive Amazon Clone frontend, integrating a RESTful API for real-time product data.

**JOB CONNECT** (HTML, CSS, JavaScript) – Created a minimal frontend clone of LinkedIn's Home Page, aimed at utilizing JavaScript to fetch random users from an API.

## EDUCATION

**Software Developer Program**                                                   **January 2024 – December 2024**
Manitoba Institute of Trades and Technology                                                   Winnipeg, Manitoba

- **Relevant Coursework:** Full stack Development (HTML, CSS, JavaScript, React.JS, C#, Git, APIs, SQL, ASP.NET) Object Oriented Programming, Database Management, Unit Testing in .NET, Software Engineering and Design Patterns, Technical Writing.

**Computer Science (First 2 years)**                                                   **November 2021 – July 2023**
Covenant University                                                                             Ogun State, Nigeria

- **Relevant Coursework:** Data Structures & Algorithms, Operating Systems, Computer Organizations & Architecture, Database Management Fundamentals, Statistics, Algebra.

## VOLUNTEERING

**Member**                                                    **September 2022 – July 2023**
Google Developer Student Clubs
    **->** Participated in coding bootcamps and provided guidance to individuals.

**Member**                                                    **September 2022 – July 2023**
Hebron Startup Labs
    **->** Associated with creators/aspiring entrepreneurs to evaluate and develop startup and business ideas.

## CERTIFICATION

**Microsoft Office Specialist: Word Associate (Word and Word 2019)**                **May 2022**
